## Countryside H Neighborhood Roadway Improvements

Dear Resident:

### Private Utility Reconstruction Schedule

- Gas (CenterPoint Energy) Update
  - Most of CenterPoint Energy's subcontractor's work will be finished this week. They will restore any areas that will not be affected by the upcoming street reconstruction project. Restoration of the remaining disturbed lawn areas within the right-of-way will be completed later this year as part of the neighborhood reconstruction project.
- Xcel Energy
  - Crews will mobilize in the coming weeks to move conflicting power poles and move/install street lights.

### Project Schedule:

On Monday, May 4, crews will begin roadway surface pavement reclamation on the Olinger Circle, Sun Road and Amy Drive. During the reclamation process, the existing pavement is ground into a gravel product that will be used as a base in the new roadbed. Crews will follow the grinding machine and shape and compact the gravel in place. The roadway will be open during the reclamation processes, with isolated closures in areas where crews are working. Please use caution when driving through these areas. On-street parking will be restricted as the crews need to grind up the entire roadway.

On Monday, on-street parking during reconstruction will not be allowed in areas where crews are working. The roadway will remain open for construction traffic and emergency vehicles. Please inform your private contractors and guests of this parking restriction.

Later in the week, crews from Northwest Asphalt's Utility Division will begin work on utility improvements in Stage I of the neighborhood and will remove portions of curb needed to perform the work.

If you have decided to upgrade the sewer and water services to your home, this work must be completed within the right-of-way no later than May 11. Please share this information with your contractor.

### Communications

Please contact me if you have any questions or comments regarding this project. You can reach me at 952-826-0444 or [bfisher@EdinaMN.gov](mailto:bfisher@EdinaMN.gov). For more information about emergencies, non-emergencies and site safety, or what to do when you have special events or home improvement projects planned, visit [http://www.EdinaMN.gov/countryside\\_h](http://www.EdinaMN.gov/countryside_h).

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit [www.EdinaMN.gov/CityExtra](http://www.EdinaMN.gov/CityExtra) for more information.

The City of Edina and Northwest Asphalt thank you in advance for your patience and cooperation throughout the project.

Regards,  
Brad Fisher,  
Engineering Technician
